

Come celebrate the **'Little School that Could'**!

Thursday, February 18th 7 p.m. – 10 p.m.

Confederation Park Elementary has been on a 50 year journey – from a school that faced closure in the early 2000's due to low enrolment to a school that offers the only 'learning through the arts' format in Burnaby and which is now filled to capacity with a waiting list.

Come celebrate and learn about the people (staff, parents and students) that worked so hard over the years to transition Confederation Park Elementary into the vibrant community of today – a place where our children benefit from their efforts by enjoying an enriched education that encourages unique thoughts and perspectives.

"Party in the Park" is an opportunity for **ALL** parents, past and present, to come together to mingle and reconnect with each other, staff and alumni.

Highlights of the evening will include:

- Premier of the documentary on Confederation Park "***Learning beyond the Mind***" by international filmmaker (and Confed Park parent) Yunuen Perez
- Walk down Memory Lane and discover the history of the school over the past 50 years
- Money raised at the PAC run bar will go towards programs and events for children in the coming year .
- Enjoy, and dance to, the amazing music of the last 5 decades
- Great food, drink and people!

Tickets only \$15.

Available at the office.
