

CONFEDERATION PARK WALK A THON

Fundraiser for the Arts

On May 19th from 1-1:45 pm, the Confederation Park PAC will be holding a fundraising walkathon. This new event will be a walk around Confederation Park for fitness and fun. It is also an opportunity to talk to your family and friends about the exciting things our students get to experience at Confederation Park School with our “Education Through the Arts” focus.

The goal is to have each student make an effort to gather as many donations as possible to help sponsor their walk. We welcome help from parents and guardians on their behalf. All funds raised will go towards paying for the Artist in Residence programs like our very successful hip hop program this year and the quilting project which we partnered through a grant with ArtStarts.

Instructions to students and parents:

- This event will take place rain or shine and we are looking for parent volunteers
- All envelopes must be returned by May 17th in order to be entered into the **Prize Draw**. Envelopes with instructions will be sent home with students.
- Students will receive a ballot into the **Prize Draw** for every \$5 raised then \$20 thereafter (prizes include Whitecaps tickets, Lego sets and 30 more).
- We encourage you to use the cash online donation form from the school district which allows long distance family and friends to participate. Envelopes with instruction will be sent home with students.
- Please ask family and friends. Do not ask teachers or strangers.
- Even if you do not receive any sponsors, or all donations are made on-line, please return your donor envelope to the school. The classes that return them all on time receive a special treat!
- Remember to thank your family, friends and neighbours for their support of this fundraiser.
- The class with the most money raised will win a celebration party.

Thanks in advance for your support. If you have any questions please email Louise at louisehazemi@shaw.ca

Thank you to our prize sponsors Williams & White, MEC and Prime Image Technologies
